# Some of the Challenges Our Educators are Facing

**How prepared are you to address them?**  
Mean: 6.1/10 | Standard Deviation: +/- 2.1

# Some of the Challenges Our Educators are Facing

# Some of the Challenges Our Educators are Facing

- Student engagement, especially during remote learning
  - Attending classes
  - Having discussions via Zoom (self-conscious students)
- Large classroom sizes with a wide spread of academic abilities
- Lack of funding, tight resource budget
- Lack of time for lesson planning
- Creating formative assessments that students can't cheat on (copy/paste)
- Access to reliable technology for students

How important is  
personalized  
learning?

8.3/10

How Important are  
virtual learning  
solutions as part of  
your classroom  
post-COVID?

7.9/10

How supportive is your district of funding for supplemental solutions?

6.8/10
